A New Beginning Starts with Phoenix

Phoenix is our collection of 7mm Hybrid Flooring, featuring 8 contemporary colourways designed to deliver exceptional value without compromising on style. Created for today's Australian homes, Phoenix brings together contemporary design, everyday practicality and affordability. A carefully considered palette of natural timber-inspired colourways makes it easy to create warm, welcoming interiors across a wide range of architectural and interior styles.

Engineered for the demands of everyday living, Phoenix features a durable wear layer, 100% waterproof construction and a robust Stone Plastic Composite (SPC) core, providing outstanding strength and resistance to scratches, dents and daily wear. Every new chapter deserves a strong foundation. Whether you're building, renovating or simply refreshing your home, Phoenix makes it easy to transform your space with a floor designed for real life. Contemporary, durable and accessible, it gives you the confidence to create a home that feels warm, welcoming and uniquely yours.

Phoenix! A new beginning starts from the ground up.
