Illuminate Your Home with Lumina

Lumina is our collection of 9mm Hybrid Flooring, featuring 8 carefully designed colourways where cutting-edge performance meets exceptional design. Created for modern living, Lumina brings together strength without compromise and style without limits. From timeless natural tones to bold contemporary finishes, each colourway has been thoughtfully designed to give you the freedom to create a space that feels distinctly yours.

Engineered with a robust Stone Plastic Composite (SPC) core, Lumina is 100% waterproof and highly resistant to scratches and dents, delivering exceptional durability for the demands of everyday living. With 6-Star Acoustic Performance, Lumina doesn't just look beautiful, it helps create a quieter, more comfortable home with every step. A beautiful home begins beneath your feet.

Thoughtfully created to bring warmth, style and confidence into every space, Lumina transforms everyday living into something extraordinary. Beautiful to look at, effortless to live with and engineered to perform, it's a floor you'll love today and admire for years to come.

Lumina! Strength without compromise. Style without limits.

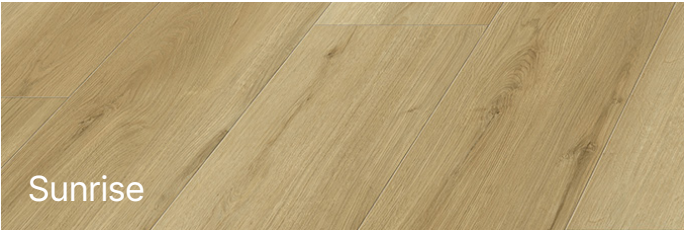

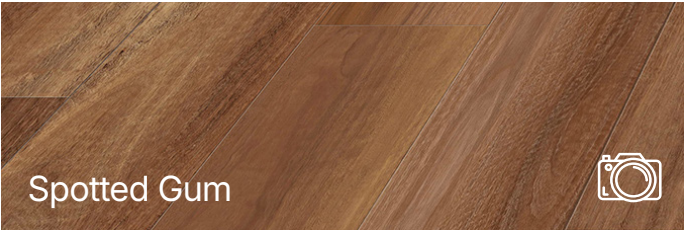

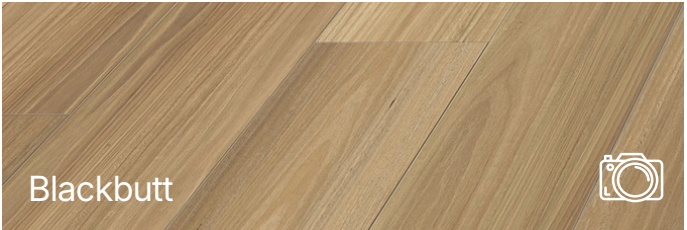

Dawn

 Digital Print

Digital Print Technology allows me to be even more stylish, showcasing character & colour variation normally reserved for a close friend of mine, natural timber flooring.
