TRIBUTE COLLECTION

Waratah

HELLO THERE!

Introducing Tribute,

A Modern Approach to a Proven Design.

This innovative collection employs advanced Digital Print Technology to deliver a wide array of grain patterns and features, creating a natural look and feel that closely resembles Authentic Timber Flooring.

Combined with a newly developed core that is Highly Water-Resistant, Tribute is built to withstand the toughest daily wear, making it the perfect choice for those who seek durability, but refuse to compromise on style.

Tribute Collection - Inspired by Nature, Enhanced by Technology.
