TRUE CHOICE

Vero Collection — true by name, true by nature.

Crafted from premium European Oak, responsibly sourced from sustainably managed forests, Vero is a celebration of authenticity and timeless design.

Our exclusive Ingrain Colour Technology works with the oak's natural tannins to create colour that lives within the timber, not just on the surface, delivering depth, warmth, and a truly natural appearance. This integral colouring ensures lasting beauty, maintaining consistency over time. Each board is finished with six coats of UV-hardened, water-based coating for exceptional durability and a safe indoor environment.

Vero Collection — the true choice for authentic European Oak.
